Goalball 4 Business

About the Program:

NSW Goalball Corporate Experience focuses on building a stronger understanding and knowledge of inclusion for all employees to enhance diversity within the workforce. The program incorporates a variety of fundamentals from the unique Paralympic sport Goalball, to promote and encourage cohesion, solidarity and leadership among co-workers.

Learning components to introduction of Goalball:

- What is Goalball:
 - History and uniqueness of Goalball
 - How the game is played
 - Court orientation and equipment used
- Educate and further develop the understanding, awareness and inclusion of the disability spectrum, primarily low vision and blindness, within the workplace
- Game skill execution- through teamwork, communication, game play and orientation
- Opportunities to further develop critical thinking, problem solving and conflict resolution
- Ideation, ability to adapt in a diverse and new environment

Major Benefits of the experience:

- Fun - creating a successful team culture in the workplace
- Developing leadership qualities, ideation and confidence
- Team collaboration including critical decision making, team communication and adaption of environment
- Awareness and improved inclusion in the workplace
- Adaptive skill execution in an unfamiliar setting
